 Golf Story

 Golf Songs

*Welcome, Nicolas. Today you start learning golf. You and your brother Alexander — two brothers, one game you can love your whole life, played anywhere there's grass and a flag. The plan: **learn the basics first**. The clubs. The grip. The stance. The pre-shot routine. Then putting. Then chipping. Then the full swing. Then real holes. Golf is not about being strong. It's about being patient with yourself, building good habits, and enjoying every walk between shots. Take your time. Look at the pictures. Watch a video. Try a putt on the carpet.*

What's inside this playbook

The Course

A picture map of a golf hole — tee box, fairway, rough, green, bunkers, the flag. Every part labeled. Every term defined.

Rules & Safety

10 simple rules of golf and golf etiquette. Quiet on the tee. "FORE!" Honors. Repair the green. The manners that make you welcome anywhere.

Skills & Moves

The grip. The stance. Putting. Chipping. The full swing. The pre-shot routine. The moves every golfer knows.

Lesson Plans

Four lesson formats that roll in over the year — starting with putting only for the first 6 weeks. 30-min and 60-min versions for Daddy.

Fun Games

Brother games. Closest-to-the-pin. Putting contests. Things to play before, between, and after golf.

Your Golf Story

A picture story about a golf day — what to expect, what to do, what to feel. Read it together before the round.

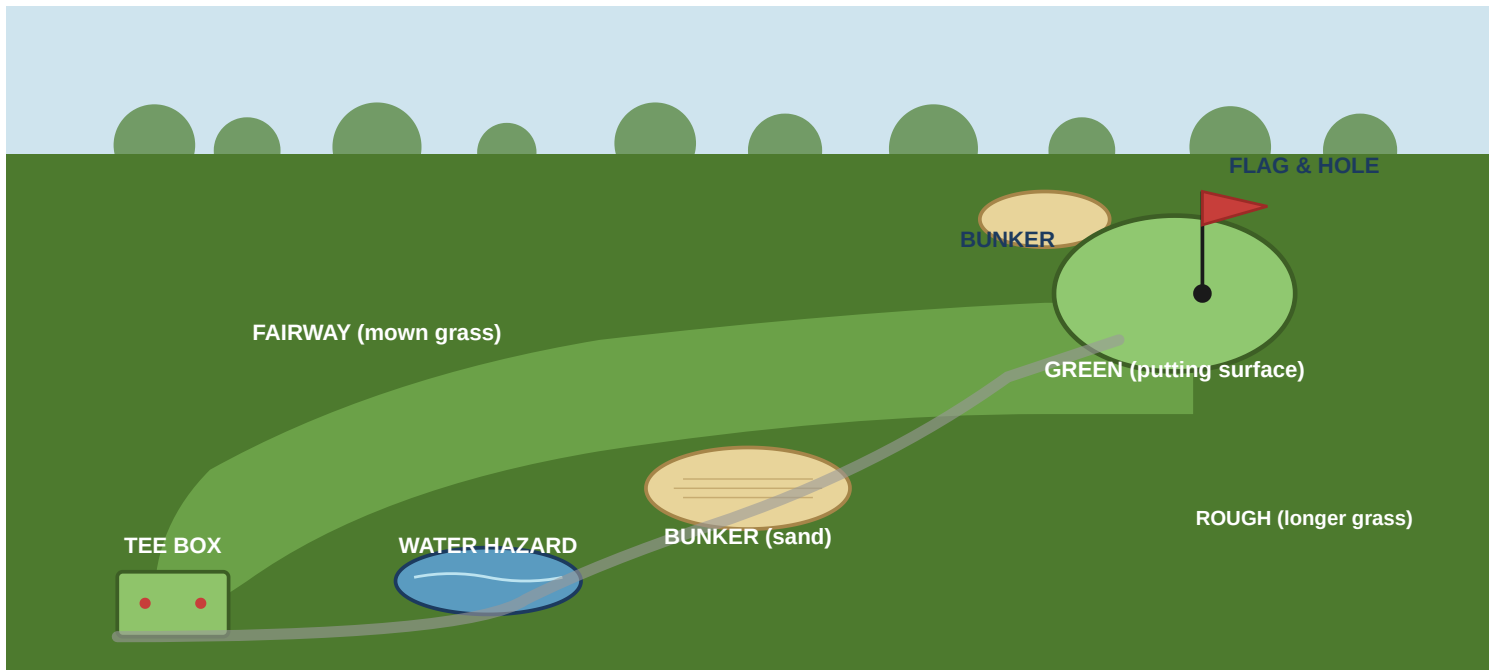

Golf Songs

Custom Suno songs made just for you. Listen before a round to get ready, or after a great game to celebrate. Add new ones anytime.

" The ocean doesn't care if you're new. It just is. Learn to read it, and the course will take you anywhere a golf bag can go. "

A golf hole has a beginning, a middle, and an end. You start at the TEE BOX. You aim for the GREEN. You hole out at the FLAG. Everything in between is the adventure.

The parts of a hole and what they mean

Tee box

Where you START each hole. You put a small wooden TEE in the ground and balance the ball on top. First shot of the hole.

💬 "This is where you start."

Fairway

The short-mown grass where you WANT your ball to land. Easier to hit your next shot from here.

💬 "Aim for the fairway."

Rough

The taller grass on each side of the fairway. Harder to hit from. If your ball lands here = it's still in play, just trickier.

💬 "Avoid if you can."

Bunker (sand trap)

A sandy pit. Looks pretty but tricky to hit out of. Use a special wedge club. Rake the sand after you're done.

💬 "Out of the sand. Rake it."

Water hazard

A pond or stream. Ball lands here = you lose a stroke and have to drop another ball. AVOID.

💬 "Stay dry."

Green

The very short, smooth grass around the hole. You PUTT here (use the putter, roll the ball into the hole).

💬 "Roll, don't fly."

Hole & flag

The tiny cup in the green you're trying to get the ball into. The flag (also called the "pin") helps you see it from far away.

💬 "That's the target."

Cart path

The paved path where golf carts drive. If your ball lands here = you get a free drop off the path.

💬 "Off the path."

Golf grows with you

Golf has stages. Each one opens up more of the course. There is no rush. Every pro started on the practice green.

Putting Stage

What you learn here: the putter only. Rolling the ball into a hole from 3 feet. Then 6 feet. Then 10. Backyard putting green or kitchen carpet.

💬 "Smooth roll. Just like rolling a marble."

Chipping Stage

What you learn here: short shots near the green. Ball flies a little, rolls a lot. Use a wedge. Backyard practice is perfect.

💬 "Little fly. Big roll."

Swing Stage

What you learn here: the full swing with irons. Hitting the ball further. Driving range practice. First holes on the course.

 *"Smooth full swing."*

Course Stage

What you learn here: playing real holes. Reading the wind. Picking clubs. Keeping score. By now your swing, your patience, and your love of the game are all yours.

 *"My swing. My game. Forever."*

Watch & learn

Golf for Kids (basics)

An intro to the parts of golf, gear, and how to start.

 **Watch**

How to Hold a Golf Club

The grip — the foundation of every swing.

 **Watch**

Golf has clear rules — and even more important, it has *ETIQUETTE* (good manners). Once you know them, you can play with anyone, anywhere. People LOVE playing with a polite golfer.

1. Be QUIET when others swing

Don't talk, don't move, don't make noise. Stand STILL until the ball is hit. Then you can move. This is rule #1.

💬 *"Stand still. Stay quiet."*

2. Yell "FORE!" loud

If your shot heads toward ANYONE — yell "FORE!" as loud as you can. It warns them to duck. Always.

💬 *"FORE! Loud and fast."*

3. Honors (who hits first)

At the tee box: the player who scored LOWEST on the last hole hits first. After the tee: the player FURTHEST from the hole hits next.

💬 *"Furthest plays first."*

4. Play ready, play fast

When it's your turn, be ready. Don't waste time. Walk briskly. A round shouldn't drag.

💬 *"Be ready."*

5. Repair the green

If your ball makes a dent on the green when it lands, FIX IT. Use a small "ball mark repair" tool. Pop it up, then tap flat with the putter.

 *"Leave it better."*

6. Replace divots

When your club takes a chunk of grass out (a "divot") — PICK IT UP and place it back in the hole. Stomp it down.

 *"Put the grass back."*

7. Rake the bunker

After hitting out of sand, use the RAKE (it's right there) to smooth your footprints and the spot where your ball was. Leave it like you found it.

 *"Rake it smooth."*

8. Don't walk on someone's line

On the green, don't step between another player's ball and the hole. Your footprints could change how their putt rolls.

 *"Walk around, not across."*

9. Count every stroke

Every time you swing AT the ball (even if you miss) — that's a stroke. Count honestly. Tell your playing partner your score for each hole.

 *"Count them all."*

10. Shake hands at the end

When the round is over, take off your hat, shake hands with everyone you played with, say "good game" — win, lose, or in between.

 *"Hat off. Hand shake. 'Good game.'"*

" Golf is the only sport where the rules ask you to call penalties on YOURSELF. That's why golfers respect each other so much. Honesty IS the game. "

Every move in golf has a name and a feel. You'll learn the putt first (rolling the ball), then the chip (a small fly + roll), then the full swing (the big hit). Each one builds on the last.

The 6 essential moves

The Grip

How you hold the club. Hands TOGETHER, pinkies and thumbs touching. Soft hands, not a death grip. Same grip for every club except the putter.

"Soft hands. Together."

The Stance

Feet shoulder-width apart. Knees slightly bent. Spine straight but TILTED forward from the hips. Ball in the middle of your feet.

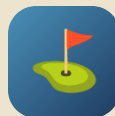

"Soft knees. Tilt forward."

Putting

The putter ONLY. No wrists — your shoulders rock back and forth like a pendulum. Eyes over the ball. Smooth rhythm.

"Pendulum. No wrists."

Chipping

Like putting but with a wedge. Small backswing. Brush the grass under the ball. Ball flies a little, rolls a lot.

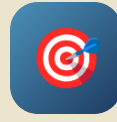

"Brush. Pop. Roll."

The Full Swing

Back, up, and around — turn your shoulders. Then unwind through the ball. End with your belly facing the target. SMOOTH, not hard.

💬 "Turn, unwind, finish."

Aim & Alignment

Before EVERY shot: pick a target. Line up your clubface at the target. Then line up your feet PARALLEL (like train tracks).

💬 "Clubface. Then feet."

The Pre-Shot Routine (do it EVERY shot)

The 4 steps every golfer uses, every time:

- **1. PICK** — pick your target. Where do you want the ball to go?
- **2. PRACTICE** — one practice swing, looking at the target.
- **3. SET UP** — grip, stance, aim. Take your time.
- **4. SWING** — one smooth swing. Trust it. Don't overthink.

💬 "Pick. Practice. Set up. Swing."

The Putting Grip (different from full swing)

The "reverse overlap" putting grip:

- Both palms face each other, like clapping the club.
- Bottom hand (right hand for righties) goes on first.
- Top hand wraps over, and the top hand's INDEX FINGER rests over the bottom hand's fingers.
- Hands move as ONE unit. Wrists stay still.

💬 "Hands together. Wrists quiet."

Reading a Green

Squat behind ball

Crouch behind your ball, looking at the hole.
See the BIG slope of the green.

 *"Behind the ball."*

Look at the hole

Walk to the hole. Crouch on the OTHER side.
Look back at your ball. See the slope from there too.

 *"From both sides."*

Pick a line

Imagine a curved line from your ball to the hole. Pick a spot along that line to roll the ball OVER.

 *"Curve = the line."*

Pick a speed

Uphill = harder. Downhill = softer. Aim to roll the ball 12-18 INCHES PAST the hole if you miss.

 *"Past the hole, not short."*

Trust it & roll

Set up over the ball. ONE last look at the target. Smooth pendulum. Trust your line.

 *"One look. Smooth roll."*

Practice plans for the whole year. **Four lesson formats** that rotate as your skills grow. Each one has the same shape — predictable structure, fresh content — so what's new can stay new without overwhelming.

Built-in transitions (water break, tee marker check, "good shot!" between holes) are **part of the practice**, not interruptions. They reset attention between shots and holes.

The Warm-Up Menu

Every session starts with 5-10 minutes of warm-up. Pick 3-4 moves from the menu below — different combos work for different days.

Body Wake-Up

Arm circles, hip swings, shoulder rolls, side bends. 30 seconds each. Golf is rotation — wake the body up first.

 "Wake the body."

Grip Practice

Hold the club. Check the grip. Both pinkies touching. Soft hands. Do it 5 times until it feels right.

 "Hands together. Soft."

Stance Check

Feet shoulder-width. Soft knees. Tilt from the hips. Ball in the middle. Look in a mirror or have Daddy check.

 "Tilt from hips."

Putting Pendulum

5 short putts from 3 feet. No wrists — just shoulders rocking. Build the rhythm.

 "Shoulders, not hands."

Chip Brush

5 small chips. Practice BRUSHING the grass under the ball. Don't dig.

 "Brush. Don't dig."

Slow Swing

5 slow full swings. NO ball. Feel the body turn. End with belly facing target.

 "Smooth. Finish balanced."

Aim Drill

Lay a club on the ground pointing at a target. Set your feet PARALLEL to it. Like train tracks. Step in.

 "Train tracks."

Pre-Shot Routine

Pick. Practice. Set up. Swing. 3 reps with no ball — just the routine.

 "Same routine, every shot."

Target Spotting

Pick a far target (a tree, a flag). Look at it. Then look at your ball. Look at target. Smooth swing.

 "Eyes find target."

Quiet Body

Address the ball. Hold STILL for 3 seconds. Then swing. Builds the "stay still until impact" habit.

 *"Still body. Then swing."*

The 4 Lesson Formats

A

FORMAT A • DISCOVERY

Phase 1 (Weeks 1–6) + sprinkled throughout

Pure foundations. The basics: hold the club, stand, putt, chip. Backyard or putting green or carpet. No course pressure. Repeat the same moves until they feel natural.

- 5 min

Warm Up

Pick 3 moves from the menu. Same ones each time at first. Routine is the goal.

 *"Same warm-up = ready body."*

- 15 min

Skill Block

One specific skill — putting from 3 feet, or grip check, or chip brushing. Just that.

 *"One thing. Many reps."*

- 10 min

Game

A small game using the new skill. Closest to the pin. Ladder putting. Keep it fun.

 *"This is the best part."*

- 5 min

Exit Ritual

Clubs back in the bag. Water. High five. "Good practice."

 *"Wrap it up clean."*

B

FORMAT B • DRIVING RANGE

Starts Week 7 — alternates with A

The range. A bucket of balls. Hit shots with structure. Each ball has a target. Each ball has a purpose. NOT just smashing balls.

- 8 min

Warm Up

Menu moves. Plus 5 short putts on the practice green if available.

☞ *"Wake the body."*

- 10 min

Short Game

Chip and putt practice. Closer is more important than further.

☞ *"Short game first."*

- 20 min

Range Shots

A bucket. Every shot: pick target, pick club, full pre-shot routine, swing. No racing.

☞ *"Every ball, a routine."*

- 5 min

Cool Down

5 last putts. End on a make if you can. Pack up.

☞ *"End on a good one."*

Real holes. Real flags. Real score. Walk if you can — it teaches the game. Daddy is the playing partner and coach (sparingly). Etiquette is as important as the score.

- 10 min

Range Warm-Up

10 putts. 10 chips. 5 full swings. Quick. Just to get loose.

💬 *"Loose, not tired."*

- 5 min

First Tee Routine

Quiet. Pick a target. Pre-shot routine. Smooth swing. Go.

💬 *"Same routine as range."*

- 60-90 min

Play the Holes

3, 6, or 9 holes depending on stamina. Honest count. Repair greens. Rake bunkers.

💬 *"Walk briskly between shots."*

- 5 min

Exit Ritual

Hat off. Shake hands. "Good game." Sign the scorecard if you kept one.

💬 *"Hand shake. 'Good game.'"*

D

FORMAT D • GOLFER

Starts Week 40 — the highest format

Ownership and reflection. You choose the focus. You pick the round goal. You lead the group's pace. And at the end, you name one win and one challenge — the metacognitive frame that real golfers build.

- 5 min

My Goal

Pick ONE focus for today. "Smooth tempo." Or "find the fairway." Write it down.

💬 *"One focus. One goal."*

- 10 min

My Warm-Up

YOU pick 3 menu moves. YOU pick the order. Daddy just watches.

💬 *"My routine."*

- 12 min

Tactical Challenge

A round with one specific rule — "no driver today" or "putt with eyes closed on lag putts." Stretches the game.

💬 *"One rule. One round."*

- 5 min

Reflection

After the round: 1 thing you did well, 1 thing to work on. Write or say out loud.

💬 *"What I learned today."*

The 52-Week Plan

A full year of practice. Phase 1 (weeks 1-6) is pure Format A — putting foundations. Phase 2 (7-26) adds Format B — the chipping and full swing build at the range. Phase 3 (27-39) adds Format C — real golf on the course. Phase 4 (40-52) adds Format D — ownership and the golfer mindset.

Phase 1 • Putting Foundations

WEEK 1 A

Discover the Clubs

Lay out the 4 main clubs (putter, wedge, iron, driver). Name each. Hold each. Notice how different they feel.

WEEK 2 A

The Grip

How to hold the club. Both pinkies together. Soft hands. Practice until it feels natural.

WEEK 3 **A****The Stance**

Feet shoulder-width. Soft knees. Tilt from the hips.
Ball in the middle of your stance.

WEEK 4 **A****The Putter**

The shortest club. Shoulders rock like a pendulum.
NO wrists. Putt across the carpet to a cup.

WEEK 5 **A****Short Putts**

3-foot putts. Goal: make 10 in a row. Build confidence
before going longer.

WEEK 6 **A****Longer Putts**

6-foot putts. Then 10-foot. Distance control is harder
— focus on smooth tempo.

Phase 2 • Adding Chipping & Swing**WEEK 7** **A****The Wedge**

New club: the wedge (for chipping). Heavy bottom.
Designed to slide UNDER the ball.

WEEK 8 **B****Chip Brush Drill**

Brush the grass under the ball. No big swings. Just
brush.

WEEK 9 **A****Short Chip**

A 5-foot chip onto the green. Ball flies a little, rolls
more.

WEEK 10 **B****Chip to a Target**

Set up a hula hoop or chalk circle. Chip into it. 10
attempts.

WEEK 11 **A****Longer Chip**

10–15 feet now. Slightly bigger backswing. Same
brushing motion.

WEEK 12 **B****Chip & Putt**

Chip the ball onto a "green." Then putt it in. Real golf
in miniature.

WEEK 13 **A****The 7-Iron**

New club: the 7-iron. Longer than the wedge. The
most useful "fairway" club for kids.

WEEK 14 **B****Small Swing With Iron**

HALF backswing only. Slow. Smooth. Brush the
grass. Ball goes 20 feet.

WEEK 15 **A**

The Pre-Shot Routine

Pick. Practice. Set up. Swing. Same 4 steps. Every shot.

WEEK 16 **B**

Routine Practice

10 chips with the pre-shot routine. Same order, same tempo, every time.

WEEK 17 **A**

The Full Swing

Bigger backswing now. Turn the shoulders. Unwind through. End balanced.

WEEK 18 **B**

Range Day

First trip to the driving range. 30 balls. Slow. Focus on contact, not distance.

WEEK 19 **A**

Aim & Alignment

Train tracks. Clubface at target. Feet parallel. Practice with two clubs on the ground.

WEEK 20 **B**

Aim Drill

Use an alignment stick. Set up. Hit. Check: did the ball go where you aimed?

WEEK 21 **A**

Reading the Green

How to see slope. Crouch behind the ball. Crouch behind the hole. Pick a line.

WEEK 22 **B**

Slope Putting

Put a ball on a slope. Read it. Pick a line. Putt. Did it curve as you predicted?

WEEK 23 **A**

The Driver

The longest club. Hardest to hit. Use only when ready. Tee the ball HIGH.

WEEK 24 **B**

Driver Day

Range. 10 driver shots. Easy swing. Distance comes from CONTACT, not effort.

WEEK 25 **A**

Etiquette Review

The 10 rules. Quiet. Fore. Honors. Repair. Rake. Don't walk on lines. Honest count.

WEEK 26 **B**

Practice Round (3 holes)

End-of-phase celebration. First REAL holes on a course. Pick any 3. Take your time.

Phase 3 • Adding Course Play

WEEK 27 **C**

First 9-Hole Round

Format C debuts. 9 holes with Daddy. Goal: enjoy it. Don't worry about score.

WEEK 28 **A**

Picking the Right Club

New skill: how far does each club go? Roughly. Use the SHORTER club if unsure.

WEEK 29 **B**

Club Selection Drill

Range. Daddy calls a distance. You pick the club. Hit. Did you choose right?

WEEK 30 **C**

Hole-by-Hole Strategy

Walk a 9-hole round. Before each hole: "what's my plan?" Talk it out with Daddy.

WEEK 31 **A**

Bunker Shots

New skill: hitting OUT of a sand trap. Open the clubface. Swing through the sand BEHIND the ball.

WEEK 32 **B**

Practice Bunker

10 sand shots at the practice bunker. Goal: get out, every time.

WEEK 33 **C**

Full Round (9 holes)

9-hole round with focus on the rules. Mark a scorecard.

WEEK 34 **A**

Reading the Wind

New skill: wind changes everything. INTO the wind = pick more club. WITH wind = less club.

WEEK 35 **B**

Wind Drill

Range on a windy day. Hit shots in different directions. Notice the wind effect.

WEEK 36 **C**

9-Hole with Scoring

Real round. Real score. No mulligans (do-overs). Count every stroke honestly.

WEEK 37 **A**

Trouble Shots

Ball in the rough. Ball behind a tree. New skill: take your medicine — hit a safe shot, not a hero shot.

WEEK 38 **B**

Trouble Practice

Drop a ball in tough spots. Practice getting out. Goal: back to the fairway.

WEEK 39 **C**

9 Holes with a Goal

End-of-phase. Set a goal before the round (e.g. "fewer than 60 total"). Try to beat it.

Phase 4 • Becoming a Golfer

WEEK 40 **D**

I Choose the Round

Format D debuts. Nicolas picks the goal (par, score, focus). Daddy listens.

WEEK 42 **B**

Plan the Hole

Before each hole, talk through TWO shots. Then hit them.

WEEK 44 **D**

One Focus, One Round

Pick ONE thing to focus on for the whole 9 holes. "Smooth tempo." Or "find the fairway." Just that one thing.

WEEK 46 **B**

Reset Drill

Daddy intentionally makes you hit a bad shot. Then practice the RESET — deep breath, walk forward, next shot is fresh.

WEEK 48 **D**

I Lead the Group

Nicolas takes charge: calls honors, watches pace, reminds everyone to repair the green.

WEEK 50 **B**

Stats Round

9 holes. Track everything. After: what's your strength? What needs work?

WEEK 41 **A**

Course Management

New skill: plan TWO shots ahead, not one. Where do you want to be for your next shot?

WEEK 43 **C**

9 Holes — Big Round

A "real" round. Take your time. Apply everything. No bail-outs.

WEEK 45 **A**

Mental Game

New idea: bad shots happen. Move on FAST. The next shot is the only one that matters.

WEEK 47 **C**

9 Holes with a Friend

Invite a cousin or buddy. Real round. Real etiquette. Real fun.

WEEK 49 **A**

Tracking Your Game

New skill: keep a simple stats card. Fairways hit. Greens hit. Putts per hole.

WEEK 51 **C**

First 18-Hole Round (when ready)

The full deal. 18 holes. Pace yourself. Eat a snack. Stay hydrated.

WEEK 52 **D**

Golf Birthday

Year-end. Reflect: 3 favorite rounds. Set a goal for Year 2. Celebrate.

Drills get the body strong. Games get the spirit strong. Mix them in every practice. Some work great in the backyard. Some need a course or driving range. Some are perfect when Alexander joins.

Closest to the Pin CLASSIC

The classic golf challenge. Pick a target (a flag, a cone, a chalk circle). Each player gets ONE chip. Whoever lands CLOSEST to the target wins. Mark each ball with a tee.

Why it's perfect for the brothers: built-in turn-taking (one shot at a time), instant feedback, no winner-vs-loser drama (you're racing toward a target), and Alexander and Nicolas can use different clubs at different distances to make it fair.

"One chip. Closest wins."

Putting Contest

10 putts from the same spot. Whoever makes MORE wins. Vary the distances. Loser racks up the balls.

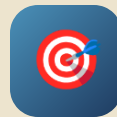

"Steady rhythm."

Ladder Putting

Set up 5 balls at 2 feet, 4 feet, 6 feet, 8 feet, 10 feet. Make them in order. Miss = start over.

"Build the ladder."

Chip the Hoop

Lay a hula hoop on the lawn. 10 chips. How many land IN the hoop? Move the hoop further each round.

"Land it in."

Tin Can Chip

A big plastic bucket on its side, 20 feet away. Chip balls into it. CHING! when you make it.

 "Aim for the can."

Pop the Balloon

Tie balloons to stakes in the yard at different distances. Chip until you POP one. Move on.

 "Pop the target."

21

Putting game. Make a 3-footer = 1 point. Make a 6-footer = 2 points. Make a 10-footer = 3 points. First to 21 wins.

 "Points add up."

Up & Down

Chip onto the green. Then putt out. The combo = 2 strokes. Did you "get up and down"? Aim for it.

 "Chip. Putt. Done."

Slow Swing Contest

Who can swing the SMOOTHEST and the SLOWEST and still hit the ball? Tempo over power.

 "Smooth. Slow. Solid."

Club Roulette

Daddy randomly picks a club for you. You have to figure out how to hit the shot with THAT club. Builds creativity.

 "Figure it out."

Distance Discovery

At the range. Hit 5 shots with each club. Pace off the average distance. Write it down. Build your "yardages."

"Know your numbers."

Cart Path Only

Walking 9 holes? Try carrying or pulling. Walking golf is the BEST way to learn the game. Real feel for distance.

"Walk. Don't ride."

Watch fun golf games in action

Backyard Golf Games for Kids

Simple games to build skills at home.

▶ Watch

Junior Golf Drills

Drills that help kids build a real swing.

▶ Watch

Make any drill more fun

- **Add a story.** "You're tied for the lead at the Masters. This shot is for the green jacket."
- **Add silly cues.** "Swing like you're stirring honey."
- **Add a target.** A bucket, a hula hoop, a tin can. Aim is more fun than just hitting balls.
- **Add a count.** "How many chips in a row land in the circle?" Counting builds focus.
- **Add a victory move.** Fist pump after a great putt. Twirl the club. Make it dramatic.
- **Add music.** Bring a speaker to the backyard. Swing to a beat.

*A picture story about a day at BYC Junior Golfing. Read it with Mom or Dad before practice.
Read it again whenever you want. The pictures show what to expect. The words show what to do.*

Nicolas Plays Golf

A story about my day at BYC

PAGE 1

My name is Nicolas. I am a golfer.

PAGE 2

Today is my golf day. I will play with Daddy and my brother Alexander.

PAGE 3

I pack my bag. Glove. Water. Hat. Sunscreen. Towel. I am ready.

PAGE 4

We drive to BYC. I look at the course. I look at the trees — to see which way the wind is blowing.

PAGE 5

First thing — gloves on. Bag on shoulder. Coach checks I have everything.

PAGE 6

I see Coach. Coach says "Hi Nicolas!" I can say hi back, or wave, or smile.

PAGE 7

We get the golf bag ready on the dock. glove on. Shot clipped. Pedals checked. I know every part.

PAGE 8

I push the golf bag on the dolly. Walking feet on the dock. Slow and steady.

PAGE 9

The boat goes in the course. I climb in. The boat moves under me — that is normal. The water is my home now.

PAGE 10

I swing the club. The ball flies. I am playing golf.

PAGE 11

If I feel scared — or if water splashes me — I take a deep breath. Coach is right there. I am safe.

PAGE 12

Sometimes the golf bag tips over. That is called tip over. It happens to every golfer. I stay with the golf bag. I stand on the centerboard. I climb back in.

PAGE 13

I roll the ball into the last hole. I shake hands. I did it!

PAGE 14

We rinse the golf bag. Strap it back on the rack. Then high-five Daddy.
"Thank you, Daddy!"

PAGE 15

Golf makes me strong. Golf makes me patient. Golf makes me happy. I am a golfer.

*" Capsizing is part of golfing. Learning is part of golfing. Showing up is part of golfing.
You belong on the course. "*

Music is part of golfing. Songs help you preview what's coming, regulate your body between segments, and celebrate the joy of a good day on the course. Each song is made just for you on Suno. Tap to play. Add new ones any time.

+ Add a Suno Song

Nicolas's Golf Playlist

Tap any song to listen. Use them before a round, between segments, or after a great trip.

Make Your First Golf Song

Same workflow as the tennis songs. Some ideas:

1. "Grip and Go" — a rhythm song for the pre-shot routine.
2. "Soft Hands, Soft Swing" — a song about tempo over power.
3. "In the Hole" — a celebration song for sinking putts.
4. "Backyard Birdie" — a song for at-home practice days.
5. "Daddy on the Tee" — a song for rounds together.

How to Add a New Song

Tap the green **+ Add a Suno Song** button at the top of this panel. The app will save your songs right on this iPad — they'll be there next time too.

1. Make the song on Suno together with Nicolas/Alexander.
2. Copy the share link from Suno (the URL of the song page).
3. Tap **+ Add a Suno Song** above.
4. Enter the title, paste the URL, tap Save.

When to use the songs

On the way to practice

In the car. Builds anticipation. Lets the body get into "golfing mode" before arrival.

Warm-up block

Play a song while doing menu moves on the dock. The song's length signals when warm-up is done.

Between blocks

A 30-second song clip resets attention before moving to the next part of the trip.

Champion moment

End every Format C trip with a song. Pair the song with the win-feeling.

Regulation

If a moment feels hard (cold water, tip over fear, wind too strong), pause and listen to a familiar song.

Drive home

Replay the song on the way home. Pairs the music with the memory of a good round.

" A song is a feeling you can put in your pocket. Swing plus music plus rhythm plus joy — that is your sport. "

— Built with love for Nicolas —
